

Innovative. Boundary pushing. Bizarre.

Send us your craft work that doesn't quite fit the mould.

The Craft Council Gallery seeks submissions for the first round of CRAFT LAB mini-residencies. Each Lab Session will last 2 - 3 weeks and provide an opportunity to get playful with your practice. The Lab welcomes experimental contemporary craft practices and works in various stages of completion. Use the space in whatever way suits your practice right now. Perhaps you need a large space to test-drive a craft-based installation piece. Maybe you want to incorporate projection, sound, movement. Perhaps you have a body of work ready to go and are unsure how it can all come together. Take this opportunity to experiment and try things out. Have studio visits. Dance with your work. Do the unexpected.

An honorarium of \$200 will be paid to Lab Session artists.

THE GALLERY CAN PROVIDE:

- » Access to the space during all Gallery open hours
- » Lights and extension cords
- » Basic installation tools
- » Fold-out table and chairs
- » 1 Projector with HDMI hookup; projector screen
- » Plinths, wall mounted shelving (dependent on other exhibitions' requirements)
- » Average of 400 visitors weekly - great for feedback, if you like
- » Expert input from Gallery staff and curatorial team

CRAFT LAB DIMENSIONS:

- » 254"x 89"

THE ARTISTS MUST PROVIDE:

- » Description of proposed work (200 words max)
- » Curriculum vitae & Bio

The Craft Lab is a fun and flexible space. Come play.
